POLICY

1. School profile

Thomastown Meadows Primary School (TMPS) was established in 1980 and located in a residential populated area in the suburb of Thomastown, approximately 30 kilometres north of Melbourne. We have 281 students enrolled from Foundation to year 6 and 31 school staff members including Education Support Staff, a Disability Inclusion Coordinator, and a Mental Health and Wellbeing Leader.

Our school grounds are located on the land of the Aboriginal people of the Wurundjeri Willum clan, and we are surrounded by a supportive community. Thomastown Meadows Primary School has developed close ties to local community stakeholders and enjoys support from our local shops and community services.

Our school is culturally and linguistically diverse with 90% of families having a language background other than English (LBOTE), with the largest LBOTE groups being Arabic, Vietnamese and Macedonian. As a high proportion of our students are from diverse backgrounds where English is not the main language spoken at home, they are supported with the English as an Additional Language Curriculum. TMPS has a 2% representation from the Koorie community. We are proud of our diversity and inclusive school community.

Thomastown Meadows Primary School is a dynamic school promoting integrity, lifelong learning, and the attainment of excellence. We are committed to providing our students with the highest quality education through the recognition of individual learning styles, effective communication, teamwork, continuous improvement, and the development of a sense of belonging.

The core purpose of our school and our ongoing commitment is to ensure we provide our students with a safe and challenging environment that engages and stimulates them to become lifelong learners with the academic, social and personal skills needed to become productive members of a dynamic, global society.

The school values are Honesty, Empathy & Respect which were launched with fidelity and commitment as a whole school community in 2018. These values are at the centre of all our expectations. The values are evident in all areas of the school. We have worked hard to change the culture of the school to ensure this. We utilise a Rights and Responsibilities approach to behaviour management supported by using various resources and by implementing the School Wide Positive Behaviours Framework. The units of work delivered each term have a consistent link to social, emotional, and personal learning to ensure ongoing growth for each individual student and we encourage a growth mindset to ensure students see themselves as successful learners.

We strive to provide a nurturing and challenging environment that empowers students to reach their personal best, both academically and socially and work closely in partnership with families to ensure this happens.

2. School values, philosophy and vision

Thomastown Meadows Primary School's Statement of Values and School Philosophy is integral to the work that we do and is the foundation of our school community. Students, staff, and members of our school community are encouraged to live and demonstrate our core values of **Honesty Empathy Respect** at every opportunity.

At Thomastown Meadows Primary School we believe:

- Children learn best in a positive, caring and stimulating environment where their efforts and achievements are acknowledged, valued, and encouraged.
- That the best way to encourage good behaviour is to model, recognize and acknowledge this behaviour.

Our school vision is to provide students with experiences, skills, and knowledge to become efficient communicators and life-long learners who will grow into emotionally resilient and responsible citizens.

Our Statement of Values is available online at:
